**55 lbs. UNDERCOUNTER FULL CUBE ICE MAKER MODEL: VPIM55**

Valpro commercial ice maker machines are available in variety of sizes with a broad range of ice production capacities. Our air cooled ice makers produce crystal clear gourmet full cube ice with efficient water and electric use. Our compact VPIM55 model is ideal for small space free standing or built in applications and provide reliable high ice production with storage. This unit is self monitoring, low maintenance, simple operation and easy to clean. All Valpro products are manufactured under strict ISO9001 standards for quality assurance, and to consistently deliver to our customers products that satisfy all expectations. All our products are operated, extensively monitored, and undergo rigorous inspection prior to packaging and shipping.

**FEATURES**

- ◆ 304 Stainless steel exterior and framework construction
- ◆ Durable ABS door
- ◆ Easy glide door slides into cabinet for unobstructed access to ice and ice making components
- ◆ Produces up to 55 lbs. ice in 24 hours
- ◆ Integrated 22 lbs. capacity ice bin foamed in place with high density CFC free polyurethane insulation
- ◆ Produces clear full 7/8 x 7/8 cubes
- ◆ Water saving efficient water-flowing circuit provides 99% water to ice ratio
- ◆ Consistent and uniform ice cube harvest weight independent of ambient temperatures
- ◆ Pump valve assisted residual water removal following standby mode and auto-clean cycles
- ◆ Simple control panel displays self-monitoring status of unit
- ◆ Automatic overflow prevention
- ◆ Leveling adjustable feet
- ◆ Ice scoop included
- ◆ Robust self-contained air cooled condenser, front in, front and back out airflow
- ◆ Exceeds US federal energy efficiency requirements
- ◆ Exceeds UL563 safety standards and sanitation standard NSF12

### Technical Data

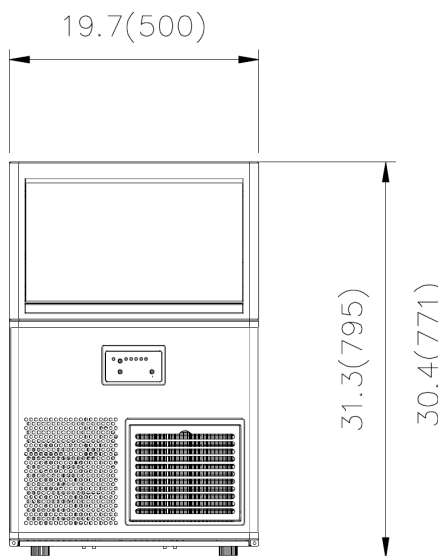

Exterior Cabinet Material	304 Stainless Steel
Door Material	ABS Molded
Ice Production	55 lbs./24h*
Storage Bin Capacity	22 lbs.
Ice Making Cycle Time	10-30 (Minutes)
Ice Cube Quantity Each Cycle	4 Row x 8 Column
Ice Cube Size	7/8 x 7/8 x 7/8
Ambient Temp Range	50°F to 100°F
Water Temp Range	41°F to 95°F
Water Inlet Hose Length	5 ft.
Drain Hose Length	5 ft.
System Refrigerant	R134A
Voltage / Frequency	115V/60Hz
Fuse (A)	10
Amps	Making-2.2 Harvest-2.2
Power Input (W)	200
Power Cord Length	6 ft. (NEMA 5-15P)
Net Weight	84
Created Weight	90
Exterior Dimensions	19.7"W x 17.7"D x 31.5"H
Shipping Dimensions	21.9"W x 20.1"D x 33.1"H

- A. POWER LINE
- B. ICEMAKER WATER SUPPLY INLET 3/4"
- C. ICEMAKER DRAIN OUTLET 3/4"
